A little heart work goes a long way

Community Worker (FT)
Competition # 08-197

As a Community Worker, you work in a team setting to provide mentoring and support to caregivers raising children affected by Fetal Alcohol Spectrum Disorder in the Stony Plain and Spruce Grove areas. Using your knowledge of FASD and ability to assess families' needs as well as your awareness of community programs, you link families to the resources they need to be successful. Mentors also assist families to access tools and strategies, access services for diagnosis where required and/or appropriate, and assist families in the adjustment in living with children affected by FASD, in order to decrease the risk of secondary disabilities.

Your Degree/Diploma in Social Services (or equivalent) combined with two years experience working in the Social Services field have prepared you for this challenging and rewarding role. Knowledge of Fetal Alcohol Spectrum Disorder, family stresses, grief and loss, addictions and community-based services make you an ideal candidate. A vehicle and valid Operator's Licence is required.

Location: Edmonton

We offer flexibility, a comprehensive benefits package and a supportive working environment.

Please send resume, quoting the competition number, before June 4, 2008 to:
