

Facilitator Certification  2009 - 2010 www.colourspectrums.com

This training program will certify you to present *ColourSpectrums* Workshops. *ColourSpectrums* is a personality styles human development model presented to groups in an entertaining, interactive workshop format. Carl Jung's primary psychological colours represent 4 classic areas of personality development and functioning:

- Blue** Emotional Development
- Green** Intellectual Development
- Red** Physical Development
- Yellow** Organizational Development

ColourSpectrums is a dynamic educational experience that provides insights (ah-ha! learning) and entertainment (ha-ha! learning) in an exciting process of self-discovery.
