

Health & Wellbeing in Children, Youth, and Adults with Developmental Disabilities:

Autism, Intellectual Disabilities and Other Neurodevelopmental Disorders

Pre-Conference Workshops: September 29th, 2010

Main Conference: September 30th, October 1st, 2010

Conference Description

This conference will provide education and informative updates on psychiatric, behavioural and complex health components specific to individuals with Developmental Disabilities, and showcase best practices in the field. Specifically, the conference will focus on approaches to complex challenging behaviours, contributing medical issues and new developments in medication and behavioral treatment. In addition, the conference will address important health issues including Reflux, Pain, Epilepsy, Dental Management and Sleep. Health problems in common genetic syndromes such as Down and Fragile X will also be addressed. **Please click [here](#) to view advance notice and call for poster.**

Call for Posters

The 2nd National Health & Wellbeing in Developmental Disabilities Conference provides an excellent forum for authors to present their work in an interactive setting. Posters are ideal for presenting scientifically based investigation, clinical case studies, and demonstration of community projects. Posters are intended to provide authors and participants from a variety of disciplines with the ability to connect with each other and to engage in discussions about the work. **Please click [here](#) to submit your abstract.**
