Trust Your Instincts

Who Holds the Keys

A Cautionary Tale

Safety Awareness

.....

This book encourages students and those new to the field of Child and Youth Care to feel more confident and prepared when entering the field of practice. The stories of lived experience and advice from agency supervisors, former students and instructors brings Child and Youth Care practice to life with highlights on practice settings. Each chapter ends with discussion questions for use in class or in supervision, allowing for dialogue about thoughts and feelings while getting acquainted with the Child and Youth Care profession.
